SUMMARY

Front-end focused Software Engineering graduate with hands-on experience building scalable web apps using React, Redux, and REST APIs. Passionate about crafting reusable components, optimizing performance, and collaborating in agile teams. Quick learner with a curiosity-driven mindset, eager to build secure, customer-focused solutions that improve how people work.

TECHNICAL SKILLS

Languages: JavaScript, Java, Python, Swift, SQL, HTML, CSS
Frameworks: React, Redux, Node.js, Spring
Databases: PostgreSQL, MySQL
Tools: Git, Docker, Jira, AWS, Figma, Tailwind, npm
Practices: Agile development, Code reviews, Sprint planning, Performance optimization

PROJECTS

PlayWise | *React, Redux Toolkit, REST API, Tailwind CSS* | [README.md](#)
- Built a game deal tracker that fetches and displays discounted video games from various online stores
- Integrated Redux for clean, scalable async API handling
- Designed responsive, reusable components using Tailwind and React; implemented dynamic data loading and state management with Redux Toolkit

DevFinder | *React, Vite, REST API, Tailwind CSS* | [README.md](#)
- Built a GitHub profile search tool that shows user profile data using GitHub's API
- Implemented dark mode support and mobile-first design
- Focused on clean layout, fast performance, and accessibility.

EXPERIENCE

Developer | *The Halal Foodie* | Calgary, AB   May 2024 - Present
- Developed an app that helps Muslims find Halal eats in the Greater Calgary Area
- **350+** monthly active users across web, IOS, and android apps

Co-Founder | *CG Tech & Design* | Calgary, AB   Jan 2023 - Dec 2023
- Developed and launched Chek, a Swift-based mobile app with **1,000+ downloads** and a **90%** retention rate in its first month
- Implemented seamless navigation, real-time updates, and responsive design, earning high user satisfaction
- Conducted rigorous testing, and debugging, reducing crash rates by **80%**

Coding Instructor | *Code Ninjas* | Calgary, AB   Jun 2022 - May 2023
- Instructed 100+ students in programming languages like JavaScript and Lua, achieving a **95%** course completion rate
- Delivered interactive, gamified lessons, increasing student engagement scores by **30%**
- Created tailored learning materials, resulting in a **40%** improvement in individual coding assessments and skill development

Web Developer Intern | *Lantra Tech* | Calgary, AB   June 2021 - Dec 2021
- Designed and developed websites tailored for small businesses, improving their online presence and client engagement
- Utilized Jira to manage tasks and track project progress, ensuring timely delivery and alignment with client requirements

EDUCATION

Bachelor of Software Engineering | *Western Governors University* | Salt Lake City, UT   Jan 2024 - May 2025

CERTIFICATIONS

- AWS Certified Cloud Practitioner – [Verify Me](#)
- ITIL 4 Foundation Certificate in IT Service Management
